

REVIT/BIM TECHNICIAN

McMAHON Engineers/Architects is currently seeking motivated and career minded Revit/BIM Technicians at the Neenah, WI headquarters location in our various divisions:

Architecture, Structural Engineering, Civil Engineering, Process Engineering, Electrical, Plumbing & HVAC.

The desired candidate will have a minimum of an Associates Degree in a related field with documented Revit/BIM experience. Some construction/industry experience is preferred but is not necessary.

The desired candidate will have the willingness to learn BIM applications they may not be familiar with, display the drive to succeed and be able to self-teach new software applications. The candidate will be responsible for the production of design/construction documents and participate in and facilitate BIM coordination within multi-disciplined design teams.

Required Software Experience:

- Revit Proficiency (A Revit/BIM competency evaluation will be required prior to selection).
- Familiarity with Autodesk Design Suite including AutoCAD.
- Familiarity with Bluebeam.
- Familiarity with Revizto.
- VR/AR Experience is a plus.
- Rendering experience utilizing Revit, Revit Live, Enscape, Lumion, 3D Max, or related software is a plus.

McMAHON has provided professional engineering and architectural services to our valued customers for more than a century. Our team includes 150 professional engineers, architects, surveyors, technicians, field personnel, and administrative specialists. They share the common goal of delivering our services 'The McMAHON Way'. McMAHON provides a competitive pay and benefits package.
