

BUILDING INSPECTIONS

McMAHON is well-equipped to provide **Building Inspection Services** through in-house expert building inspectors who hold credentials for both Uniform Dwelling Code (UDC) and Uniform Commercial Code (UCC) inspections.

Our team is available to perform any level of inspection, or to help provide permitting services for your municipality. Whether we are performing inspections on your behalf or assisting your staff in performing inspections, our team works collaboratively with you and acts as an extension of your staff.

McMAHON can provide the following Building Inspection services:

- Inspection Program Management
- UDC Inspections
- UCC Inspections
- Plan Review
- Permitting Services
- Integration with GIS Technology
