

McMAHON offers professional **Public Management Services** to municipalities and works with them in determining if their organizations are operating efficiently and offering a high-level quality of work to the communities they serve. Our experienced staff can provide an independent and objective analysis of all municipal departments to help policy boards make informed decisions. Our team is knowledgeable in relevant aspects of municipal operations including administration, communications, organization, labor relations, safety, economics and standards.

We work collaboratively with municipal administrations to manage issues, making recommendations and continuing our support with assistance in implementing those recommendations.

McMAHON can provide municipalities the following Public Management services:

- Public Administration Services
- Public Works Management
- Parks, Recreation and Facilities Management
- Management Counsel
