Project Update

Forest County Potawatomi - Stone Lake North Sewer & Water Reconstruction

NOTE TO INTERESTED PARTIES: Additional Project information at www.mcmgrp.com under RESOURCES\ In Construction...select the **FCPC Stone Lake North Sewer & Watermain Construction** project.

Week of July 29 - Aug 2

Construction with sanitary sewer moved to E Je pke wag sek and continued on We j Mogek Court then transitioned to Kak Yot Lane.

One crew will be working this weekend near We j Mogek Court and Kak Yot Lane.

Future Schedule:

Sanitary sewer installation will continue north on E Je pke wag sek, while the second crew will switch over to water main installation on We j Mogek Court. Once the Kwe da Kik Lane crew reaches Kwe da Kik Court they will come back to the intersection of We j Mogek Court to start the water main.

A survey crew will be on site to continue staking on Monday.

NOTES TO PUBLIC

Traffic is to remain open to the public; however, there may be delays and some minor detouring to help maintain traffic flow. Daily construction activities are planned for longer workdays and Saturdays with a goal of shortening the construction window timeframe. Residents are encouraged to be patient and plan accordingly during this time.

During installation of the sanitary manhole at E Je pke wag sek and Kwe da Kik Court, traffic from the easterly end of Kwe da Kik Court may be redirected down E Je pke wag sek through exiting AYV trail to access Kwe da Kik Lane. Access to Caring Place should remain from Kwe da Kik Lane via USH 8 to avoid limited access from Everybody's Road.

To ensure a safe work environment, it is requested that residents monitor their children and pets and keep them away from the work areas. Though the site is open to traffic, please help keep the unnecessary traffic away during working hours. Viewing the construction from a distance (lawn area) is acceptable at this time. As the laterals are installed, it is requested to keep viewing the construction from indoors.
