Project Update

Village of Belgium - 2026 Utility & Street Reconstruction Project

NOTE TO INTERESTED PARTIES: Additional Project information can be found at www.mcmgrp.com under **RESOURCES\In Construction** …select the **Village of Belgium-2026 Utility & Street Reconstruction** project.

Week of October 19 - 23

Asphalt paving was completed on all four of the project streets (Park Street, West Lane, Antoine Drive and East Lane). All concrete driveways have been completed and re-opened for use.

Looking Ahead to Next Week (weather dependent):

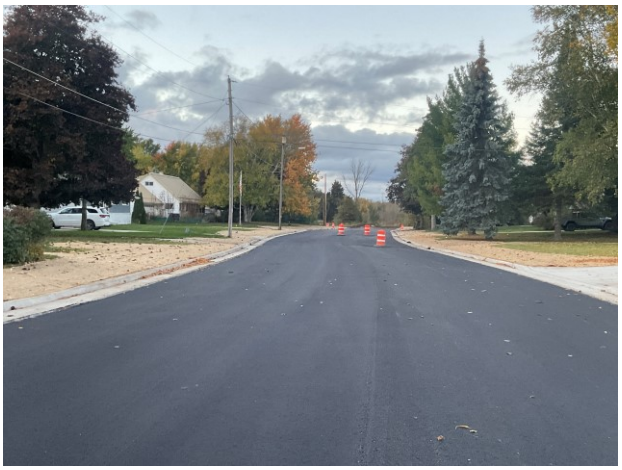

Miscellaneous items will be completed, such as site clean-up, turf restoration along concrete driveways, resetting of mailboxes and installation of street signs, etc.

REMINDER: If you have not done so already, please place your mailbox on your front lawn, near the road, so the contractor may easily access it for re-installation.

NOTES TO PUBLIC

Contact the McMahon on-site representative or Vinton Construction with any concerns or special needs within the project area. Please drive with caution and be mindful of all workers and equipment in the construction zones. Thank you for your cooperation and patience.
