PROJECT UPDATE:

Cedar Grove – South Main Street Utility Reconstruction

WEEK 15&16 Nov. 8 – Nov. 21, 2026

Updates by:
Nick Vande Hey/ Project Manager
Office 920-751-4200
nvandehey@mcmgrp.com

- Lateral work is anticipated from Nov 8 to Nov 21.
- The contractor encountered unanticipated rock(s) beneath the railroad crossing during the sanitary sewer bore. The sanitary bore is anticipated to restart the week of Nov 16, pending railroad related approvals. The water main boring will occur after the sanitary sewer boring is completed. The railroad crossing and intersection of Wisconsin Ave. will be closed during the borings.
- Asphalt paving is anticipated the week of November 16 and 23, except between Cedar Ave and Center Ave. The pavement restoration between Cedar Ave and Center Ave will be completed later due to the ongoing railroad bores and associated main / lateral work in this area.

Although some days could be longer, the contractor plans to work Monday through Friday from 7:00 am to 7:00 pm.

Construction engines could be starting at 6:30 am.
